Construction of a 20,000 square foot judicial facility to accommodate the Kentucky Court of Justice functions which include but are not limited to Circuit Court, Family Court, District Court, Circuit Court Clerk, Drug Court, Pretrial Services, and Juvenile Services. The current courthouse is deficient in space and is not configured for safe, effective, and efficient Court of Justice operations. The new judicial center will be in Bath County and is projected to meet the needs of the county for at least 50 years. The building will be 100% occupied by the Court of Justice. AOC is asking for authorization for a new stand-alone building. A feasibility study has been conducted and it determined that a new stand-alone building best suits the needs of the county. (C-O)
